Experience

Lead Product Designer
OneTutor AI
12.2025 — Current
Munich

Responsible for UX/UI of upcoming features as the sole owner of design quality and processes. Collaborating with the product owner to align solutions to product strategy.

Mentor & UX/UI Co-Lead
TUdesign Student Club
05.2025 — Current
Munich

Providing design solutions for AI startups and student initiatives in 3-month design sprints. Designing and teaching an open source UX/UI education program for beginners.

UX/UI Intern Pre-Development Infotainment
CARIAD SE
04. — 10.2025
Ingolstadt

Conducted and evaluated user studies. Optimized UX research workflows and simulated interactions with an in-car LLM assistant to derive conversational design guidelines.

HMI & UX Working Student
Saint-Gobain Research Germany
04. — 10.2023
Herzogenrath

Developed a patent-pending HMI concept for integrating automotive components into future glazing via user research, market and technology analysis, and rapid prototyping.
